Routered Doors Collection

INTRODUCING MBT MANUFACTURING ROUTERED DOORS COLLECTION

At MBT Manufacturing, we are proud to introduce our Routered Doors Collection, crafted to bring sophistication, durability, and style to your living and working spaces. This exquisite collection features six distinct styles: Simplicity, Classico, Elements, Provincial, Vintage and Modern designed to suit a wide range of preferences, from a sleek contemporary look to timeless traditional elegance.

Our doors and panels are made using Australian made Moisture-Resistant E-Zero MDF, ensuring long-lasting durability and a smooth, high-quality finish. This premium material provides exceptional strength while being environmentally friendly, with low formaldehyde emissions. It's the perfect choice for spaces exposed to varying levels of moisture, such as kitchens, laundries, and commercial environments.

At MBT Manufacturing, we specialise in precision routing, delivering millimetre-perfect craftsmanship for our joinery clients. Using our state-of-the-art

machinery, including the advanced German made Homag TLF and CNC machines, we ensure that every door and panel is expertly routed with unmatched precision.

Proudly Australian made and manufactured, all our products support local industry and maintain the highest standards of craftsmanship. Our factory is powered by solar energy, making our operations more sustainable and reducing our environmental impact. We're committed to energy and eco-conscious manufacturing practices that align with a greener future.

Trust in our expertise and cutting-edge equipment to provide the perfect solution for your cabinetry needs, backed by the reliability and quality that MBT Manufacturing is known for. Whether for residential kitchens, commercial fit-outs, or custom joinery, our Routered Doors Collection guarantees high-quality, precision-crafted components that meet your exact specifications.
